Details of ILMS

Central Library is fully automated with SLIM-21 System for Library Information Management since the academic year 2013 having version 3.1.0 with recent upgrade versions till date.

Nature of Automation: - Fully automatic

Name of the existing ILMS: SLIM21

SLIM21 helps to catalogue books, e-books, films, sound recordings, drawings, clippings, articles, reports, letters, pamphlets, serials publications. SLIM21 cataloguing adheres to popular international standards. SLIM21 supports flexible workflow to cover activities related to acquisition of books, serials control and funds monitoring.

SLIM21 is designed and developed in modules to take care of complete functionality required for automating libraries. All modules support data entry in Unicode and thus support all Indic scripts

SLIM21 Basic modules cover functionality required for day to day library management. Such as

Cataloguing

SLIM21 Cataloguing is based on AACR2 (Anglo American Cataloguing Rules).It catalogues any type of material, print as well as non-print. It supports material in digital form and helps to build digital library.

Circulation

Front desk operations

1. Issues, returns, reissues
2. Title or copy specific reservations/cancellations
3. Bulk transactions for a borrower
4. Backdated transactions
5. Issue / Return with Barcode
6. Easier interface to the barcode system, offering basic transactions like Issue and Return
7. Print transaction report for a borrower

Serials Control

SLIM serials control system helps achieve an effective utilization of periodicals budget. It allows for tracking receipts of issues, filing claims for issues not received, preparing binding orders, etc.

Acquisition

SLIM Acquisition system supports the entire range of activities from the time someone makes a proposal to acquire an item, until it is finally paid for and accessioned.

Acquisition system covers

Proposal for acquisition	Payment details of purchase bills
Inquiry to book sellers/publishers	Credit note
Purchase orders (foreign / local)	Detailed information about vendors
Books on approval memos	Multiple currencies and conversion rates
Purchase bills	

OPAC

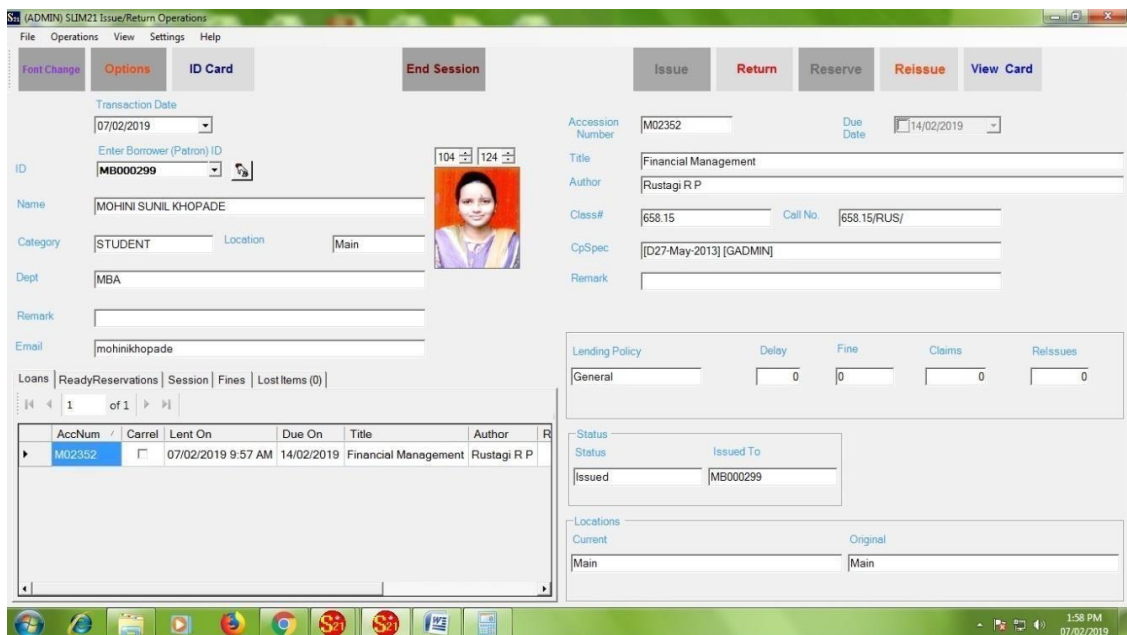

On-line Search Facilities for Readers

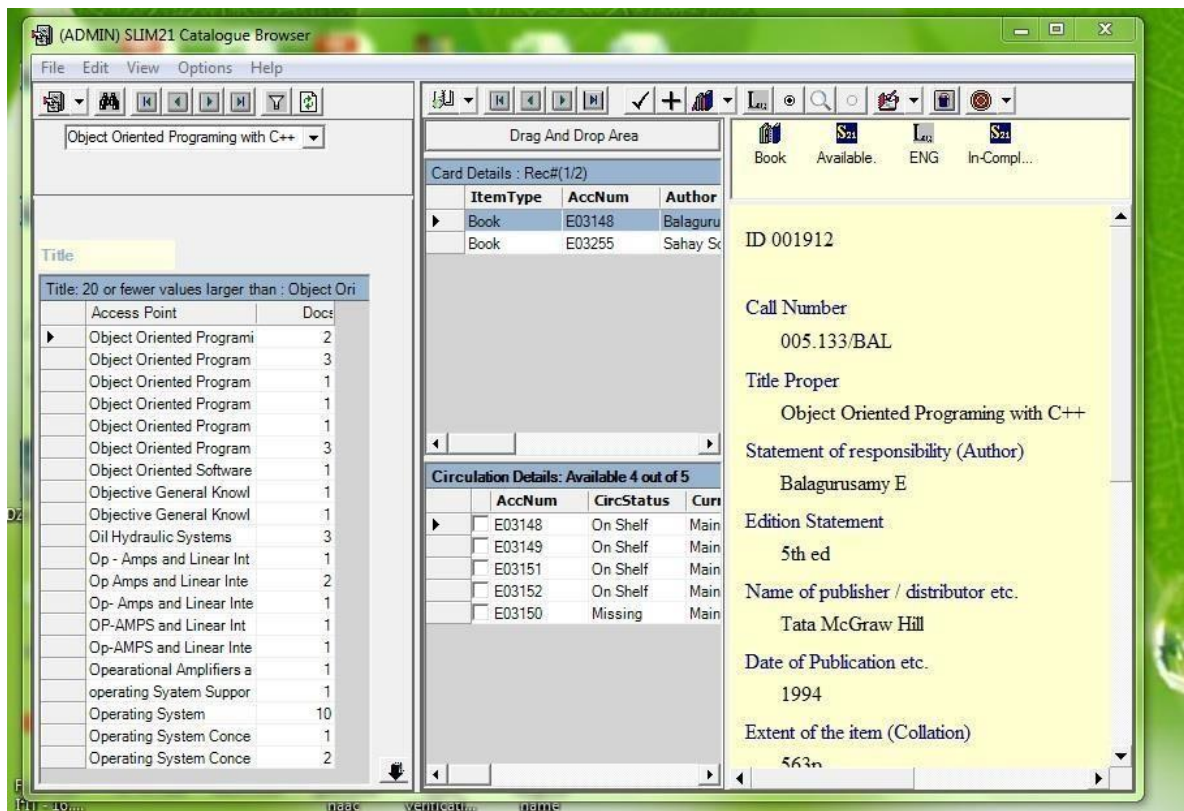

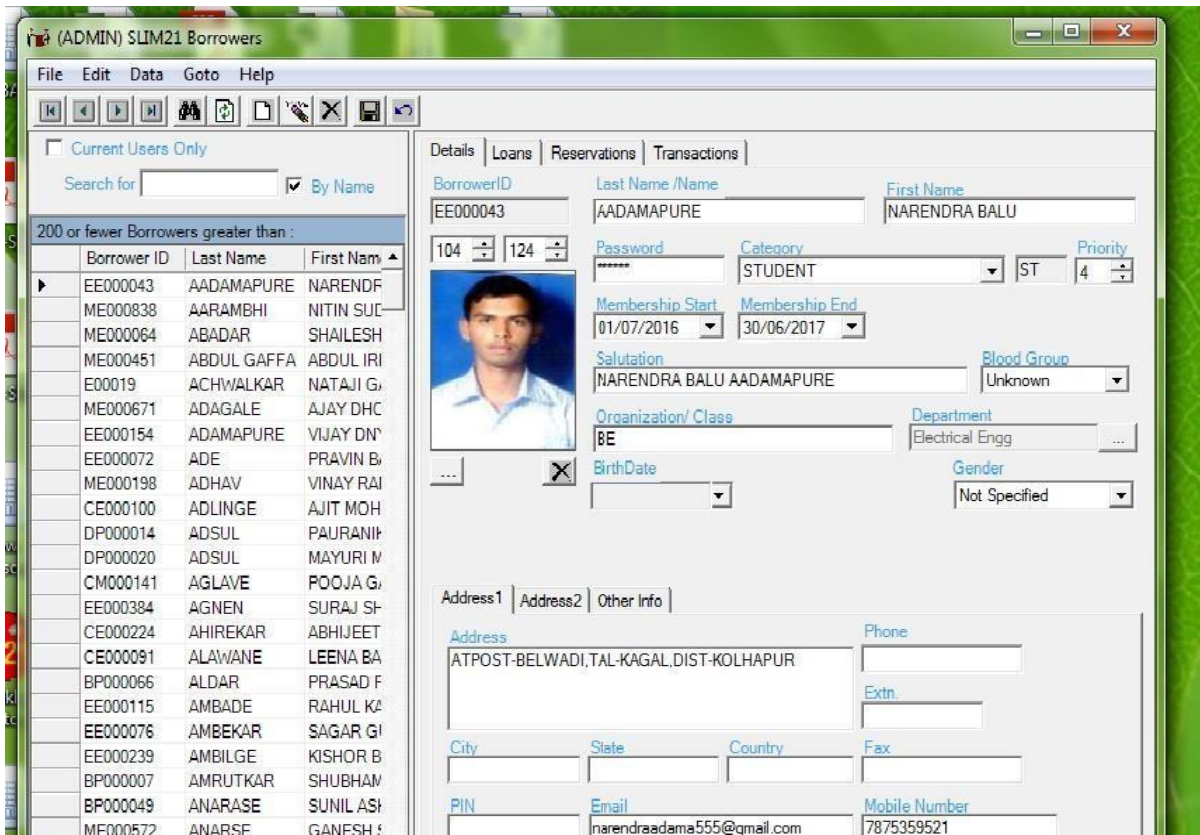

SLIM OPAC (On-line Public Access Catalogue) offers powerful on-line search facilities to search through library catalogues:
